Medallion Vending Fun

“Because Your Attraction Deserves a Medallion”

A unique concept featuring small, but very attractive vending machines that distribute extraordinary high quality customized medallions to visitors of aquariums, museums, stadiums, theme parks, zoos, and other places. As the medallions depict the unique features of the attraction, they represent a great souvenir at little cost.

World of Coca-Cola, Atlanta GA

Customization

Our team of specialist in close cooperation with you will design the artwork for the medallion machines and the medallions. Each machine distributes up to six (6) different medallions designs.

Medallions

The medallions are made of shiny nickel steel and are of superior quality, so that they have become collector items. The medallions can also come in silver or 24k gold plating.

Medallions at Legoland, Duisburg

Machine Graphics

The graphics on the machines are very attractive and stimulate impulse purchases.

The dimensions of the machines require approx. 2 sq.ft. floor space.

Power 120v outlet
